We just had our wedding at Au Balcon.

Overall, we had an enjoyable and great time having our time here. Shanice, our wedding planner, was there throughout our entire wedding and guided us through our entire process. Shanice is really the best and she helped ensure our wedding went through very smoothly. For example, she ensured that our bride looked the best and prettiest throughout the day. Next example was she offered to pour us our tea during the tea ceremony, and our solemnisation too! Thanks alotShanice :) if you guys can request for a wedding planner, please request for Shanice!

Au Balcon restaurant staff is also very courteous and proactive, very well done! 👍👍

We had the pleasure of working with Shanice and her team for our ROM event at Au Balcon at The Garage, and we couldn't be more grateful for all the help and support - always offering advice and guidance when needed. Shanice and her team truly knew what to do and provided us with valuable suggestions throughout the process. The planning couldn't have been easier with the helpful coordination templates and the in-house florist, which made everything come together seamlessly. What impressed us most was that Shanice stayed till the very end, making sure everything was wrapped up perfectly. We felt completely taken care of, and we can't thank her enough for all her hard work!

When we were looking for a venue for our solemnization and wedding lunch, we immediately fell in love with Au Balcon at the Garage when we visited - it was cozy, already gorgeous as it is without any additional decor and the sheltered garden terrace allowed us to have an alfresco styled wedding without having to worry about the rain or being directly under the harsh sun.

We'd like to thank Janet and Liwei who assisted with our questions leading up to the signing of the package, and sharing the available options and details for our planning and decision!

We were later connected with Joe, our wedding coordinator, who helped us through all the details for the few months leading up to the wedding, including communications with the chef and rest of the Au Balcon team requests for our entire event (including solemnization, tea ceremony and the lunch banquet). She was extremely responsive, clear, and meticulous in her responses to our endless questions ❤️

On the day of the wedding, our printing vendor unfortunately missed out on delivering our wedding cert, but thanks to Joe's quick thinking and support, we managed to get a replacement wedding cert printed just in time right before the solemnization ceremony, and we think this deserves a special highlight 🥺! Planning a wedding is definitely no easy task, but we're absolutely grateful for Joe's support throughout! 🧑🏻🧑🏻♂️🧑🏻♀️
